

ARTIGIANO Collection

About Artigiano

Artigiano Enamelled Glass mosaic has been inspired by traditional hand-made mosaics, and therefore intentionally manufactured with the following characteristics

- Chips, dents & imperfections in the glass
- Variation in size, colour & thickness

Once laid, these characteristics become a feature of the mosaic

Installation notes

- Please ensure your installer uses a suitable adhesive for laying glass mosaics
- A diamond blade is recommended for cutting these mosaics, and a diamond tipped drill bit for drilling
- This glass mosaic is suitable for wall applications and residential floors where soft shoes are worn. It is not suitable for swimming pools
- always use a PH neutral cleaner and avoid using abrasive products or chemicals when cleaning
- Keep tiles dry and away from moisture prior to installation
- Always check your tiles prior to installation. Any concerns must be raised before laying, as no claims can be made once the mosaics has been installed
